

Candidate Study Guide for the Illinois Nail Technician Examination

The following information is intended to help you prepare for the computer-administered Illinois Nail Technician Examination. Part I of this study guide contains general information about the profession and testing procedures. Part II provides a content outline, lists the competencies covered in the examination, and suggests reference materials that are commonly used in Illinois cosmetology schools. Part III describes procedures on the day of the test. Part IV provides sample questions to help you prepare for this test.

Part I General Information

PURPOSE OF THE EXAMINATION

This examination is required for professional licensure by Illinois law to certify that each cosmetologist is familiar with practices, rules and regulations that will protect the health, safety and welfare of the public. Copies of the Act are available from the Illinois Department of Financial and Professional Regulation (IDFPR) on their website at www.idfpr.com.

TEST VALIDITY

This examination has been developed in consultation with a committee of cosmetology teachers. Test questions reflect standards and practices documented in a survey of licensed cosmetology teachers. Each question is supported by commonly used cosmetology textbooks (see page 13).

APPLY ONLINE

Complete the application online at www.continentaltesting.net and submit all required transcripts and related documents. An application is not complete until it includes a valid email address and all fees have been paid. Credit card payment is available as part of the online application. Each approved candidate receives an email from PSI that provides instructions to schedule a testing appointment.

TIME LIMIT

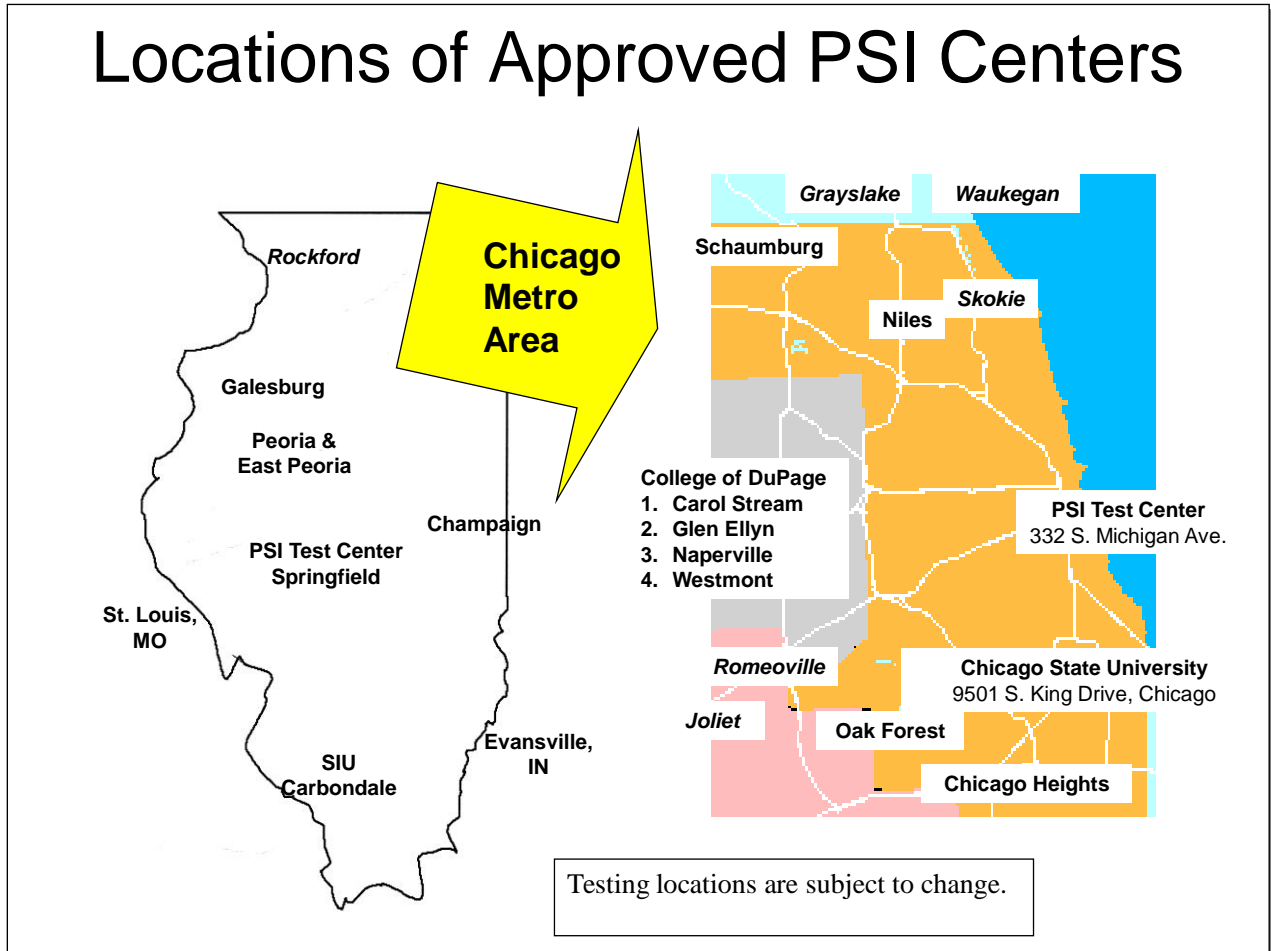

Each candidate schedules a PSI appointment to allow time to verify IDs and complete other check-in procedures. The time limit for the examination is 90 minutes.

SPECIAL ACCOMMODATION REQUESTS

An application for special accommodations with appropriate documentation is required before special arrangements can be completed. If approved, the candidate will receive an email from PSI with instructions to schedule a test date in a test center that has appropriate facilities. Candidates who are approved for special accommodations must schedule using the PSI Call Center. Testing appointments with special accommodations must be made at least two weeks prior to the desired test date.

SCHEDULING

After CTS approves your application, you can schedule a test date at one of the approved PSI Test Centers by using PSI's online system at www.psiexams.com or by calling PSI at 1-800-733-9267. All regular testing appointments must be scheduled at least two business days prior to the desired test date. **You must complete your test within 60 days after CTS approves your application.**

PSI Test Centers in Carbondale, Champaign, downtown Chicago, East Peoria and Peoria, Galesburg, Glen Ellyn, Springfield, Westmont and Evansville, IN are proctored by onsite personnel. Other locations use remotely proctored testing stations that monitor candidates with three digital cameras and a sensitive built-in microphone. Proctors in these locations communicate with candidates on-screen during the test and pause the exam whenever unauthorized persons or activity appear in video monitors or in audio recordings. The proctor will pause the exam whenever a candidate leaves the testing station or an interruption occurs. The proctor may end the test if an interruption is not corrected appropriately. Each remotely proctored test station also is equipped with noise-cancelling headphones to help candidates screen out distractions if they wish to use them. All other rules are the same for examinations in on-site proctored and remotely proctored locations.

Directions and other information about each test location follow and are available on the PSI website. Testing locations are subject to change. Candidates should verify the location of each test center in their admission notice after they schedule an examination.
